

Om Café

Business Opportunity

FOR SALE

23 years in business and counting!

We would love for the OM to stay in the family.
We are offering this once in a life time opportunity to those who have continually supported the OM helping to make it what it is today.

It's time for Colleen to retire and pass on the torch.
We just recently increased from a 6 to 10 burner stove and added an additional oven with a larger hood.
